THE LAST DESIRE.

When the time comes for me to die,
Tomorrow or some other day,
If God should bid me make reply
"What wouldst thou?" I shall say:

"Oh, God, thy world was great and fair,
Yet give me to forget it clean,
Nor vex me more with things that were,
And things that might have been!

"I loved and toiled, throve ill or well—
Lived certain years and murmured not.
Now grant me in that land to dwell,
Where all things are forgot!

"For others, Lord, the purging fires,
The loves reknit, the crown, the palm
For me, the death of all desires
In everlasting calm."

Royal Flute Player.

Frederick the Great made generous presents to all musicians except flute players. He played the flute remarkably well himself, and his proficiency sometimes led to acts that caused disappointment to his brother artists. A famous flutist once visited Potsdam and asked permission to play to the king, hoping that Frederick would show his appreciation of his skill by some valuable gift.

Frederick received him graciously, and listened attentively while he played a difficult piece.

"You play very well," he said, "and I am very glad to have heard a virtuoso of such ability. I will give you a proof of my satisfaction."

So saying he left the room. The musician waited, guessing at the probable nature of the "proof."

Presently the king returned with his own flute and played the same piece which had just been executed for him. Then he bade his visitor good day, saying:

"I have had the pleasure of hearing you, and it was only fair that you should hear me."—Youth's Companion.

How the Continents Attract Seas.

The effect of gravitation in heaping up the sea waters upon the shores of continents is one of the most interesting, as well as the most curious and least considered, facts in connection with old ocean's history. Thus the continents are all situated at tops of great hills or mountains of water, and to cross the Atlantic or any other ocean the ship has to first go down the sloping sheet, cross the valley and then climb the mountain of water on the other side before it safely reaches a harbor.

In this connection the interesting calculation has been made that in mid-ocean on the Atlantic the depression is about three-fourths of a mile below the level of the water at coast line, while a ship in traveling from San Francisco to Yokohama, Japan, must cross a valley at least a mile in depth.—St. Louis Republic.

A Storage Battery Locomotive.

A storage battery locomotive has been put into operation in Wurtemberg, running from some paper mills at Ravensburg to the station on the steam railroad, about 2½ miles away. This locomotive, which hauls passengers as well as freight, weighs eight tons and carries 100 cells of a gelatinous storage battery, which supply current to the motor. The cells weigh two tons. The line has no very heavy grades. The locomotive makes on an average four trips daily and hauls a load of twenty tons between the two points in twenty minutes. It seems to do the work.—New York Telegram.

W. C. T. U. Booming Suffrage.

Mrs. Lizzie Hill Mills, president of the Orange county (Cal.) W. C. T. U., writes: "We are 'booming' suffrage. Our local W. C. T. U. meets every week, and has given this last month entirely to suffrage and will give the coming one to the same topic. We are taking up the United States constitution and state laws. We send out written invitations to those who are not members of the union, and people are getting aroused and enthusiastic."

"EVERY WORD TRUE."

SO SAYS THE WRITER OF THAT FAMOUS LETTER.

He Reiterates His Statements, Produces Additional Proof and Clearly Defines His Position.

[N. Y. Sun.]

It would be difficult to measure the interest and comment, not to say excitement, which the published letter of Dr. R. A. Gunn, which appeared in the papers yesterday, has occasioned. The prominence of the doctor and the unusual nature of the letter have both tended to add interest to the subject and make it really the talk of the town.

I called upon Dr. Gunn at his residence, No. 124 West Forty-seventh street, yesterday afternoon. I found the reception room crowded, and it was only after an hour's waiting that I succeeded in obtaining an interview.

Dr. Gunn is a distinguished looking man, and impresses one favorably by his many bearing. He was busily engaged in looking over receipts and disbursements and was about to dispose of all the property belonging to the Exhibit Commission by public auction, make a final settlement and sail.

"Are you going to have your letter, in which you say that certain receipts and disbursements will be published in the Dr. Gunn's letter, in the INDEX-TRIBUNE, and turn out of the ordinary course of business?" I asked.

"No, sir," replied the doctor. "I have decided that all the papers remaining in their possession relating to the Exhibit Commission, including the Trustees to be expended for the *Materia Medica* collection of instances of stories, grounds, etc. The complete discoveries that have been adjourned.

CUPID AND THE CAT.

A Suffering Feline Came Between Two Souls That Beat as One.

He lives in Evanston, and during the past two years has been paying his addresses to one of the most charming girls on the north side. The wedding day has not been named, but their engagement was announced almost a year ago.

Several weeks ago, while they were walking home from church one Sunday night, they ran across a cat that was wailing piteously on a doorstep. "Do you hear that, Jim?" she exclaimed, grasping his arm with a closer grip. "There's something the matter with that poor little pussy. I'm going to see what ails it."

"Nonsense!" he replied. "Let's go on; the cat will take care of itself."

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels. ☜

MRS. GRAHAM'S
CUCUMBER and ELDER FLOWER CREAM.
Is not a cosmetic in the sense in which that term is popularly used, but permanently beautifies. It creates a soft, smooth, clear, velvety skin, and by daily use gradually makes the complexion several shades whiter. It is a constant protection from the effects of sun and wind, and prevents sun burns and freckles, and if freckles still do come with your use of it it cleanses the face far better than soap and water, nourishes and builds up the skin tissues and thus prevents the formation of wrinkles. It gives the freshness, clearness and smoothness of the skin that you had when a little girl. Every lady, young or old, ought to use it, as it gives a more youthful appearance to any lady, and that permanently. It contains no acrid powder or alkali and is as harmless as dew and as nourishing to the skin as dew is to the flower. Price $1.00, at all druggists and hair-dressers, or at Mrs. Gervaise Graham's establishment, 104 Post Street, San Francisco, where she treats ladies for all blemishes of the face and figure. Ladies at a distance treated by letter. Send stamp for her little book "How to be Beautiful."

SONOMA, SEPTEMBER 10, 1892.

A. H. GRANICE - - - - - - - - - - - - EDITOR

President Harrison has proclaimed the 21st of October a legal holiday, it being the 400th anniversary of the discovery of America by Columbus. The American people intend to observe the day in a more general way than any of the centennials though which we have passed. It is proposed that the public schools of the country shall take the leadership and the National Educational Association has adopted the idea and has already appointed all the State Superintendents in the United States a committee to carry out this celebration and prepare a uniform official programme for use in every locality, which has been promised for publication next week. As soon as the programme has been made known it would be well for the Sonoma Valley schools to get to work and prepare some kind of exercises for that day.

We have received from the publishers, "True Blue" Republican Campaign Songs, and "Red Hot" Democratic Campaign Songs—two books, each containing a collection of new songs arranged for male quartet clubs, with music and words complete, and just what is wanted for the Presidential campaign of 1892. Nothing is more effective than stirring and appropriate songs for campaign purposes, and they are furnished in great variety in "True Blue" and "Red Hot." Sold by music and news dealers generally, or upon receipt of ten cents each, copies will be mailed to any address by the S. Brainard's Co., Chicago, Ill.

The defeat of John L. Sullivan by James Corbett in New Orleans last Wednesday night was a surprise to almost every one. The Big Fellow from the first round to the last was never in it. Now that this celebrated battle has been fought and the ex-champion vanquished the coming Presidential election, which has been under an eclipse the past few months, ought to engage the attention of the American people, who really have taken more interest in the Sullivan and Corbett fight than they have in the Presidential contest.

The town of St. Helena is about to commence the construction of sewers. One costing $8,500 will be built on Main street this Fall. One-half of the cost is to be paid by the property owners on the street and the other half by the city.

Good Wine Prices.

It may be encouraging to those who are holding wine to know that some wine has been sold recently for 14, 14½ and 17 cents cash, and one lot of good last year's wine was sold, laid down at the St. Helena depot, at 27 cents.

There is no doubt about it, the price of wine has improved during the month of August, because several parties sold for better prices. But those who have intelligence and courage enough to refuse sales now, will get 18 and 20 cents before long. Common sense will prove the truth of what we say. The price has improved already. Our crop of grapes will be smaller than we judged it before, some in Sonoma, and even Santa Clara county will produce not fully two-thirds of a crop. Another agitation is started among the intelligent wine producers for the purpose of improving the bad situation we have suffered more than half a dozen years. Wine not very good and grapes not very good must be used for distilling.—*St. Helena Star.*

Right or Wrong.

Which will you have? It does seem as if some folks prefer to have the last condition of the liver rather than the first. They purposely close themselves with purgatives, only without virtue as alternative or blood purifier, while Dr. Pierce's Golden Medical Discovery is the unfailing remedy for the people's choice, as it is popular and well known. It is the only one of its class that is guaranteed to give satisfaction in every case, or money paid for it is refunded. It is the invigorating cordial of the public, the first the world knows and long cried for. It purifies the blood, and by its use pimples, blotches, boils and other eruptions disappear, and clear, healthy skin and beautiful complexion are secured. It is the Lamp of Experience, said a great parent of the early revolutionary period, and Dr. Pierce's Golden Medical Discovery is a great parent of the present day, and its fame is world-wide. For over a third of a century Dr. Pierce's Golden Medical Discovery has not wavered in the confidence of people suffering from liver complaint, dyspepsia, chronic nasal catarrh, or kindred diseases, and has never disappointed as a remedy for chronic coughs, when taken as directed.

Now Try This.

It will cost you nothing and will set by do you good. If you have a Cough, Cold, or any trouble with Throat, Chest or Lungs, Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief, or money will be paid back. Many have been benefited by it, after trying many other remedies and all have been cured by it. Why not try it? Trial bottles free at Ed. Wagner's drug store. Large size 50c and $1.00.

AYER'S Sarsaparilla

Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It

A large wildcat was seen one day this week near Glen Ellen by W. E. Hamburg of San Francisco, who is stopping at the Mervyn Hotel. The "varmint" had just captured a full-grown chicken and was making off with its prey. These animals are quite numerous in the mountains surrounding Glen Ellen and within the past year a number have been treed by dogs and killed by local hunters.

Mr. J. Wadsworth has placed us under obligations this week for a sample box of French prunes grown on his farm near this place. These prunes are the equal, if they do not excel, the commercial article which for so many years was imported into this country from France in a cured state. The California product owing to its excellence is coming to the front and is bound to drive the imported prune out of the United States at no distant day.

Additional evidence of the productiveness of our mountain ranches was presented to this office last Monday by Mr. Frank Lay in the shape of twelve ears of sugar corn which were grown on the Willett ranch in the mountains four miles east of Sonoma. The ears measured in some instances a foot in length and were as big around as a man's wrist. One of these ears would have answered for a square meal for anyone with an ordinary appetite.

The William Carriger Estate.

Monday, the 19th day of September in the court room at Santa Rosa, has been appointed as the time and place for proving the will of the late William Carriger and for hearing the application of Sol H. Carriger to be appointed administrator of the estate. When the hearing comes up before the superior Court his application will no doubt be resisted by Katie C. Carriger, widow of deceased, who likewise desires to administer on the estate, which is valued at $14,000. The will left by William Carriger was made on the 5th day of last May and devises all the property to his brothers and sisters, Solomon H. Carriger, David W. Carriger, Albert Boggs Carriger, Mrs. E. J. Schetter, Mrs. Evelyn Tufts, Mrs. Eliza Powell, Mrs. Levisa Lewis and Emma Carriger. A clause in the will says, "I purposely make no provision for my wife, Kate C. Carriger." It names David W. and Solomon H. Carriger executors without bonds. A suit for divorce and alimony was pending between William W. Carriger and wife when the former was killed. Now the widow will seek to get a share of the estate.

School Children's Visit to the Petaluma Fair.

The school children of Sonoma Valley took the train Friday morning of last week for the Fair at Petaluma. After a pleasant trip of four hours they arrived on the grounds, where they were delighted with the fine display of the varied products of Sonoma and Marin counties, which were on exhibition in the large pavalion. At noon lunch was spread on the grass under the cool shade trees that grow on the Fair grounds. After lunch the races attracted the attention of old and young and all made a bee line for the grand stand and hotel porch near by, where a fine view of the entire race track was had. After looking at the beautiful horses and taking in the Fair grounds the afternoon passed very quickly and at six o'clock the train pulled out of Petaluma homeward bound. Such a happy, jolly lot of children as was aboard that day is seldom seen.

Home was safely reached on time without an accident of any kind to mar the pleasures of the day. The San Francisco and North Pacific officials have the thanks of every one for their kindness to the school children in passing them over their road every year for the small sum of 25 cents including admission into the Fair.

Death of James Landy.

Jas. Landy, who has resided on his farm, one mile south of town, the past three years, died last Monday afternoon. The deceased had been troubled the past three months with an immense carbuncle on the inner side of the left thigh, which eventually caused his death. The deceased leaves a widow, two sons and a daughter. His funeral took place Wednesday, the services being held in St. Francis' church. Mr. Landy was a native of Ireland and aged 54 years and seven months.

SWISS CELEBRATION.

The Parade, Picnic and Ball a Grand Success.

The celebration of the 601st anniversary of the Independence of Switzerland in this place last Sunday caused one of the largest turnouts of people that has ever been witnessed in Sonoma.

At an early hour in the morning people commenced to arrive from Napa, Petaluma, Santa Rosa and from other places to take part in the festivities of the day. The train from San Francisco, which arrived at 10:30 o'clock, also brought a large number of the Swiss residents of that city who came to join in the parade.

At 11 o'clock the procession formed on Napa street and led by Grand Marshal Joe. Kechler and his aids, N. Kiser and L. Walliman, marched through the principal streets of the town and thence down Broadway to the picnic grounds.

The order of the procession was as follows:

Sonoma Valley Band of sixteen pieces.

Co. C, Fifth Infantry Battalion, Second Brigade, N. G. C., of Petaluma.

Members of the Swiss National Club of Petaluma.

Sonoma Volunteer Firemen in uniform.

Sonoma Turn Verein Society in uniform.

Members of the San Francisco Swiss Clubs.

Members of California Pioneer Society drawn by a yoke of oxen.

A float bearing twenty-two little girls representing the counties of Switzerland.

Eureka, Columbia and Helveta, represented by three young ladies, the Misses Mamie Reible, Josephine Kiser and Sophie Pezzaglia.

Uncle Sam personated by B. Fochetti.

Wm. Tell and son represented by Anton Frunz and Master Jos. Kiser.

Swiss Military Band of San Francisco.

Members of the Napa Swiss Club.

The basalt block industry of Sonoma represented by a loaded block wagon drawn by four horses.

Citizens in carriages and on foot.

As the procession passed down Broadway with banners and streamers flying it presented an imposing appearance.

Upon arriving at the picnic grounds dancing and other festivities were entered into.

Orations were delivered by Robt. Poppe and V. Poppini, both speakers being loudly applauded.

The ball in the evening at Union Hall was largely attended and dancing was kept up until daylight next morning.

This was one of the most orderly affairs ever held in Sonoma.

City Trustees Meeting.

The meeting of the City Trustees last Wednesday evening was characterized by big talk, little action and a scrapping match, in which one of the members participated after the meeting had adjourned and in which the other fellow wasn't in it.

After the reading of the minutes of the previous meeting by City Clerk F. Breitenbach the following bills were allowed and ordered paid: G. W. Sparks, salary and services, $16.50; Wm. Linehan, sprinkling streets, $15; Wm. Green, lumber, $16.99; H. H. Granice, printing, $5.40; P. Bacala, labor, $28; John Revie, hauling, $2; J. B. Small, carpenter work, $13; Victor Jansen, on account of contract building road in Mountain Cemetery, $75.

It was moved by Trustee Litzius, seconded by Trustee Trudgen, that the sum of $15 be allowed for completing the new road in Mountain Cemetery. It was so ordered.

The ditch on First-street West at the crossing of Spain street was ordered to be planked as far as the Plaza fence.

On motion of Trustee Schocken, seconded by L. Litzius, it was ordered that C. Aguillon be notified to remove from the public street the hydrant which supplies the street sprinkler with water. A vote was taken on the proposition as follows: Ayes—Trustees Trudgen, Litzius and Schocken. Noes—Trustees Weyl and Seipp.

The examination of plans and specifications for a bridge at Duhring's crossing was laid over. Two bids were opened as follows: J. O. Burkhalter, $375; J. B. Small, $375.

The contract for building a stone wall on the west side of the ditch on First-street West was awarded to P. Bacala. Only two bids were received to-wit: A. Pinelli, $189; P. Bacala, $145.

The Board then adjourned.

THE SONOMA VALLEY EXHIBIT COMMITTEE.

Affairs to be Wound Up and the Committee to Go Out of Existence.

At a meeting of the Sonoma Valley Exhibit Committee held in this place last Saturday afternoon the following members were present: Hon. Robt. Howe, T. S. Glaister, Capt. H. E. Boyes, T. S. Cooper, Judge Breitenbach, Thos. Morris and H. H. Granice.

Messrs. Howe, Boyes, Granice and Morris reported as a special committee appointed for the purpose they had spent $625 for a receiving vault in Mountain Cemetery, which had been completed by William Trudgen to the satisfaction of the committee. The report was received and adopted.

On motion a committee of three composed of H. E. Boyes, T. B. Morris and Judge Breitenbach were appointed to wind up the affairs of the committee. This committee is empowered to dispose of all the property belonging to the Exhibit Committee at public auction, make a report of receipts and disbursements which is to be published in the SONOMA INDEX-TRIBUNE, and turn over all funds remaining in their hands to the Cemetery Committee of the City Trustees to be expended on the cemetery grounds. The committee then adjourned.

Six Simple Rules.

The following six simple rules will, if observed, ensure correct voting.

1. Use the stamp only in marking.

2. To vote a straight ticket stamp opposite the party title, and do no other stamping or marking.

3. If you don't vote straight, stamp opposite the name of each candidate of your selection, and do no other stamping or marking.

4. Fold your ballot until the printed number appears on the outside of a narrow slip made by the folding.

5. Vote for constitutional amendments, or against them, by stamping opposite the "Yes" or the "No" appearing after each amendment number.

6. Read the card of instructions in the booth if you have any doubt as to any point.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Truscott are keepers of the Gay Lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and running into a fever. Doctors at home and at Detroit tried her, but in vain, she grew worse rapidly, until she was a mere skeleton of bones." Then she cried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at H. Wagner's Drug Store.

SONOMA INDEX - TRIBUNE.

SONOMA, SATURDAY, SEPT. 10, 1892.

Booth's Best Character.

It was in a high priced restaurant. They were discussing the characters in which Booth had been most successful, and the young man with a blond mustache was satisfied that Hamlet was by far his best part.

"If you ever saw him in that part when he was at his best," he said, "you wouldn't dispute the assertion for a moment."

"Saw him!" exclaimed the man with the dark beard scornfully. "I've seen him in about everything he ever played. Why, his Hamlet was poor compared with some of his other characters. His Othello was better than his Hamlet, and his Macbeth"——

"Macbeth!" broke in the young man with the blond mustache. "Why, that wasn't up to Romeo, and that's saying a good deal. His Shylock was better than his Othello."

Every one in earshot was interested by this time, but just as the man with the dark beard was beginning a scathing retort with some side remarks about the "Fool's Revenge" the little fellow with the single eyeglass roused himself and said:

"I say! You're both wrong, you know. I'm not much on drama, but Booth never played anything as well as he did Shakespeare."—Detroit Free Press.

Condolences Out of Place.

"Don't condole with a friend or congratulate a friend until five years have tested the reality of his grief or joy," says somebody. But my gertie! It's a good idea, after five years or considerably less, to find out how apropos your remarks are going to be before you offer 'em. Instance in point: I met Vachant, of New York, in the street the other day. I've been meaning to write to Vachant—college friend of mine, you know—ever since his wife died, two years ago; brutal of me not to have done it, for she was a sweet little soul, and I could guess what her loss must have been. Well, I rushed up to him, and pressed his hand, and stumbled out a plea for forgiveness for not having sooner expressed my very real sympathy for his wife's loss and all it must have meant to him.

I noticed he went rather red and marmured something and hurried off as soon as he could, and when I told my wife of it and how I thought it rather queer, she said she didn't think it queer at all, inasmuch as he was on from New York on a wedding journey with his second wife. Cards on my desk, in unopened envelope. Thought from their size they were an ad.—Boston Commonwealth.

Swiss Nobility.

A few years ago the question was asked, "Does nobility still exist in Switzerland?" And no one was able to answer it. Of all the thousand of English folk who haunt the Swiss hotels in summer not one, it would seem, had inquired whether that Rudolph von Erlach, whose equestrian statue they must have seen, has any living descendants; not one had ever heard of the Barnese nobility—a noblesse which holds itself so high that it thinks but slightly of the British legation. Yet from the Jura to the Lugano there is hardly a canton—there is perhaps no canton—in which noble families are not to be found.

Some of these, such as the Plantas and the Buols of the Grabunden, have turned their energy into modern channels and make their fortunes, like the Hansers or the Seilers, out of the English and the American tourists. Others, like the Von Allmen, have sunk into a humbler rank. But the greater part remain in statu quo, still enjoying in the towns or in the country a social prestige that varies with their wealth and their intelligence.—Temple Bar.

Early Methods of Curing Skins.

The original process of curing skins was probably the simple one of cleaning and drying them. Removal of the hair by maceration in water seems to have been common among the very early tribes, and one writer has suggested that the idea was obtained from the natural process of depilation. They must certainly have been familiar with it in the case of drowned animals, where maceration can be plainly observed.

Following this, smoke, sour milk, oil, and the brains of the animals themselves were found efficacious. Many of these primitive methods are employed at the present time, thus bringing into novel conjunction the days of the paying Masagetæ and those of the thrifty American.—George A. Rich in Popular Science Monthly.

Duel of Two Girls.

At Charkoff, Russia, two girls who were friends fell in love with the same young man. He was slow to make his selection between them. They agreed that either could win him if delivered of the baneful competition of the other. They decided upon a duel by drawing lots. On the day following one of the young ladies was found dead in her room. She had poisoned herself with phosphorus. But her friend is broken down with sorrow and remorse. It is more than likely that she will not live to enjoy the fruits of her victory.—Paris Letter.

Angles in New Telescopes.

In the new form of telescope for stadia work spider lines are entirely omitted, and instead a prism is placed so as to cover one-half the objective of the telescope, the consequence being that the rays passing through the prism make an angle with the rays passing through the unobscured half of the objective, and this angle is constant whatever the distance of the object observed.—New York Times.

Pretty Poor Pickings.

Findings are popularly supposed to belong to the sweeper, but one of the street sweepers of Portland observes that his is a very disappointing job. He has found only a one cent piece and a short lead pencil during his term of office and is disgusted with politics.—Lewiston Journal.

"August Flower"

Dyspepsia. There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Powis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we Indigestion. have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out Constipation of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed." ©

ATASCADERO, Colo., Jan. 30, '91.

My wife was troubled with nervousness about one year before she took Pastor Koenig's Nerve Tonic, and at that time had very severe attacks of spasm convulsion, and pains in different parts of the body; when in this state her lower jaws would act violently and set sometimes, bite her tongue, breathe heavily, then short, then seemed to stop entirely, get a wild look in her eyes and rolling around, then stop sometimes, it would take two men to hold her in bed otherwise her body would cramp and be so for two hours. She took but two bottles of the Nerve Tonic, which cured her entirely of all these terrorists, which myself and wife gladly testify it truly had the desired effect. D. S. McGILLIS.

Mrs. Peter Devilbiss, 384 S. Tenth street, San Jose, Cal., writes, October 1890: Pastor Koenig's Nerve Tonic has indeed done wonders in my case of the worst kind. There has been bought in my neighborhood over $70 worth.
